

## The more you **LEARN** The more you **EARN**

Almost overnight, DeAndre's shoe size jumped from 12 to 15. He decided—right then and there—to design shoes for other guys with big feet.

It wouldn't be easy. He wasn't doing well in school—even got expelled. But DeAndre finally decided that enough was enough, and he needed to change. **He started going to school every day, getting to class on time and turning in his assignments.** His hard work paid off; he's getting A's and is headed for college. In a few years, check for "Shoes by DeAndre" in stores across the country.
